

Irritrol®

Get more done™

2009 IRRITROL PRICELIST

EFFECTIVE NOVEMBER 10, 2008

TRADE WARRANTY

For the first year from the date of original sale to the trade customer, we offer “hassle-free” over-the-counter exchange of products found to have original manufacturing defects.

For years two through five from the date of original sale to the trade consumer (except as otherwise noted), we will repair or replace—at our option and without charge—all parts which are found to have original manufacturing defects, provided the product is returned at the customer’s expense. Additionally, Rain Dial®-R controllers (manufactured on or after 11/1/00), Rain Dial Plus® controllers (manufactured on or after 10/4/00), and Total Control®-R controllers (manufactured on or after 10/27/00), when properly installed and “earth” grounded as described in their instruction manuals, shall be warranted for repair or replacement (at Irritrol’s option) if damaged by lightning or electrical surges during their five-year trade warranty period.

This warranty does not apply to loss or damage to the product due to improper installation, abuse, alteration, mishandling, accident, or if the product has been serviced by other than Irritrol or its authorized service centers. This warranty is not a consumer warranty and does not extend to anyone other than those trade customers who purchase Irritrol products. Neither Irritrol nor Irritrol Warranty Company is liable for failure of products not manufactured by Irritrol even though such products may be sold or used in conjunction with Irritrol products. Neither Irritrol nor Irritrol Warranty Company is liable for indirect, incidental or consequential damages, including but not limited to vegetation loss during periods of malfunction or resulting non-use. Neither Irritrol nor Irritrol Warranty Company is liable for any loss or damage and property damage resulting from installer’s negligence. This warranty is the only warranty made by Irritrol or Irritrol Warranty Company. It replaces all other express warranties and all implied warranties are disclaimed including the implied warranties of merchantability and fitness for a particular purpose.

Note: A three-year warranty applies to the following products: the KwikDial® controller, SL Series spray heads and the Wireless RainSensor®; a two-year warranty applies to: the IBOC®300-9V valve-mounted controller, the JR Max™ controller, the CMR-KIT, 430R and 450R rotors; and a one-year warranty applies to: the KwikStart™ remote control system and RCP8 Plus remote control programmer. All other products carry a five-year warranty.
